Dear Mr. Ejimi,

I am writing to apply for the internship position as posted on your Instagram page. I have been one of your followers for over a year now and I believe you are the best when it comes to forex.

I have very little experience when it comes to the Forex market as I have consistently been losing since I started trading the forex market in march of 2021, thus, I have no experience in Forex that can be of use to an expert like you.

I am very confident that I meet all the description for the role of this internship as I am very hard working and will gladly clean the trading floor, run logistics and perform any other task that will be assigned to me by my supervisor with all diligence and promptness.

Having this internship with your organization will be a rare privilege.

Thanks for your consideration.
